SUNITA MERRIMAN, DDS  
GENERAL AND AESTHETIC ENHANCING DENTISTRY

Have you ever heard of a Dentist's office that's relaxing?

**We have.**

We know because we asked. We also know that going to the Dentist is not everyone's favorite thing to do, so we've gone to great lengths to make the visit relaxing, comfortable, and sociable. Our patients sometimes stay and chat with us after their treatment. And we love that.

In addition to making our environment relaxing, we pride ourselves on providing exceptional dental care. Every member of our team treats you with the best care. We give every patient the time and attention they deserve, and respect busy schedules by keeping appointment times.

Our standards of care are the highest – ranging from pristine cleanliness to the latest technology and training on dentistry techniques. And we involve you at every level of treatment. You will always have a choice in your dental care decisions.

Smiling (and relaxed) patients are how we measure success. We invite you to come experience the highest level of dental care for your health, beauty and comfort.
