The Year in Review: 2006; Part 1 - January to June

Townsend's decision was based on the advice of a consultant hired by the town to conduct an independent review of the town's financial operations.

LeBeau's decision was based on the advice of a consultant hired by the town to conduct an independent review of the town's financial operations.

The ordinance would have also increased the length of the planning period for each property by one year, from the current two years, to a total of 35 years. The ordinance would also have reduced the number of zoning districts from five to three, and would have allowed for the creation of a new, more flexible zoning district that would have allowed for greater flexibility in the use of land.

The ordinance was adopted on the same day that the council approved the budget for the next fiscal year, which included an increase of $1.2 million in capital expenditures.

The ordinance was adopted on the same day that the council approved the budget for the next fiscal year, which included an increase of $1.2 million in capital expenditures.
