Monthly payments are for 30-year conventional fixed rate mortgages as detailed below. Please Ask about: Lower Downpayments • Lower Monthly Payments • Other Options

For purchase prices up to \$268,375, monthly mortgage payments (principal + interest) quoted in our ads are to qualified buyers, based upon a 20% downpayment and a conventional 30-year fixed rate loan at 7.125% with 3 points, A.P.R. 7.43%. As an example, a \$100,000 loan would mean 360 monthly payments of \$673.72. For purchase prices from \$268,375 to \$625,000, the monthly payments are to qualified buyers based upon a 20% downpayment and calculated at 7.375% with 3 points on a "Jumbo" 30-year fixed rate mortgage with an A.P.R. of 7.69%. An example of a \$500,000 loan would mean 360 monthly payments of \$3,453.38. Figures herein are approximate and do not include property taxes, hazard insurance, or homeowners association dues for a condominium purchase. Interest rates quoted are as of August 6, 1997, and subject to change. Not responsible for typographical errors; while information is believed accurate, we request that the payment be validated with a mortgage provider prior to purchase.
