It Was All Bustles, Bonnets And Bows At Shackamaxon

Scotch Plains stepped back into its past last Saturday, as dozens of items unfolded before the eyes of the Scotch Plains American Revolution Bicentennial Committee, and the full house was any clue of what’s to come, Scotch Plains Bicentennial activities will be overwhelmed.

The show features over 600 outfits, running from the 1700’s to the present. The costumes came from local attics from Drake House Museum in Fanwood, from local residents, Mrs. Charles Clouck, Mrs. Wilma Hoosen, Mrs. A.E. Durl and Mrs. and William Elliott and from such modern manufacturers as Justice Swim Wear.

Mrs. William Elliott was chairman of the event.

Mayor Trump Will Seek Re-Election In Fanwood

Fanwood Mayor Theodore F. Trump announced today he would seek re-election to a second 4-year term. He was elected Mayor in 1979, succeeding former Mayor Roland M. Beetham who had served two terms.

Councilman Robert J. McCarron also announced his intention to seek re-election, Elliott had served the unexpired term of former Councilman John McCall, McCarron will be seeking his third 4-year term.

William Wise, appointed in March to fill the unexpired term of Van Dyke Polliti has announced his intention to seek election to a 3-year term.

Trump, McCarron and Wisey have received the endorsements of the broad based Fanwood Republican Organization and will run as a team in the Republican Primary on Tuesday, June 8. The Republican Organization consists of all present and former elected officials and the Republican Municipal Committee.

Trump had served as a Councilman for 7 years prior to his election as Mayor 4 years ago. Earlier he had served as Secretary of the Fanwood Recreation Association and had served as chairman of the Internal organization. He is a charter member of the local Jaycees.

McCarron has an overwhelming election victory last year for a one year unexpired term and is currently chairman of the Borough’s Public Works Dept. He has served as a member of the Police Board and as chairman of the Recreation and Education Committees.

Winey, the treasurer of the Fanwood Rescue Squad serves as a member of the Board of Police and as a chairman of the Recreation and Education Committees.

"It helps me have been a progressive 4 years during my first term as Mayor," Trump said. "We have seen great progress in our Public Safety Agencies, in our relationship with the Board of Education and in our response to local voter mandates regarding school budgets and have made significant progress in our fight to moderate the escalating costs of maintaining our local government agencies. I am proud to run with Bob McCarron and Bill Wisey and we all anticipate a positive campaign based upon our record of progress with economy for Fanwood’s local government."

Correction

Last week, in an article on the subject of female representation on the Scotch Plains Rescue Squad, Nick Collarino of the Scotch Plains Rescue Squad was quoted as stating that Scotch Plains service includes answering important calls, and that the Scotch Plains Squad is unique in providing this type of service during the daytime. It was brought to the attention of The Times that Fanwood also provides transportation service whenever requested. Of the total calls handled by Fanwood last year, just under 50 percent were transportation, in contrast to just over 50 percent emergencies.
Fanwood Is Designated A Bicentennial Community

At the Fanwood Borough Council meeting Wed., evening, April 9th, the children of LaGrande school presented Mayor Trump and the council members with the Bicentennial flag designating Fanwood as an official Bicentennial Community.

The meeting was opened by the Mayor followed by a flag ceremony performed by Boy Scouts from Troop 33 of the Fanwood Presbyterian Church. Janice DeSousa, dressed in colonial costume, read from a scroll as the presentation was made. Seventeen children and their parents made up the LaGrande School representation, many dressed in original colonial costumes. There were Continental solders in battle dress, including wounds and head bandages, two drummer boys, a Pilgrim and mini colonial ladies complete with shawls and head pieces. Those participating were: Janice DeSousa, Nancy McKean, Karen Piekarski, Norman Grover, Hilary A. Thomas, Jennifer Lynch, Mark F. Romano, Ben Kidlo, Janet Sanderson, Brandy Boguszewski, Mary Boguszewski, Elizabeth Kidlo, Carol Sanderson, Mark Sanderson, Candy Swindelhurst, Michele Bartora and Kim Brown.

Co-Chairmen Norma Clark and Audrey Martin, William Dean, Fanwood's Town Crier, Mrs. Helen Harper and Mr. Edward Warner of LaGrande School distributed tri-corn hats to the male members of the council and Mayor Trump and a mob cap to the one female member.

Fanwood is preparing a fun-filled celebration for our country's 200th anniversary with neighborhoods joining together in festivities.

“Bike-A-Thon” Will Aid Newman Fund

By JOHN MORAISAN

For the past two years, the young people of Scotch Plains and Fanwood have done any number of things to raise funds for Charlie Newman, a senior at Scotch Plains-Fanwood High who was paralyzed during a All-American football game in the fall of 1973. The kids have decoyed for Charlie at two monster dance marathons. They've raised funds at small school dances, they've collected in fund drives, and they've conducted any number of smaller events. Now, it appears that just about every teenager who owns "veldah" (two wheel, not four) will take to the highways and the byways on April 27, in a very unique bike-A-Thon for Charlie.

The bike-A-Thon is an enormous undertaking, considering the turnout to date. It's been undertaken by Tom Allen, Vice President of the Student Council, and Sue Gilgannon. They and their committee will direct 500 bikers over a route which will take them a total of 30 miles or a portion thereof. The response to the initial call for bike riders has been very rewarding. Allen anticipates that about 500 kids will ride the route, and the committee has asked that each rider try to have $2 per mile behind him.

There will be 200 students from Scotch Plains-Fanwood High Scotch Plains-Fanwood High, 200 from Terrell Junior High, and about 100 from Park Junior High. They'll take off at staggered groups from the grounds of Scotch Plains-Fanwood High School between 9 and 10 a.m. on D-Day.

The bike-A-Thon route begins with a short loop through Westfield. The kids will ride down North Avenue, onto Doolery Avenue, back to Westfield Road. Then, they'll "hit the hill" in what promises to be a cycling workout. First, they'll ride over the Park Avenue overpass, then up through the gap, following Plaisian Avenue to Runnells Hospital. They'll turn left onto Mountain Avenue, turning into Hillcrest at Wright Center. They'll follow along to the Great Swamp, then ride Plaisian Avenue, Village Road, Shupliner Road, Southern Boulevard, Farmington Avenue, and Central Avenue in New Providence. Approaching Scotch Plains, they'll turn the Kwan. The kids will ride the return trek, they'll hit Dudley Avenue, onto Hillcrest Avenue, and continue back to the high school.

Tom Allen stressed that the route may be a long one, but the event isn't intended to be a race. Participants will be encouraged to enjoy the ride. They'll stop at nine different checkpoints along the way, having the bikes checked at each stop to qualify for payment by their sponsors.

Getting $2 in sponsorship is no easy feat for many of the kids. As a matter of fact, many of them are sponsoring one another for small amounts. One junior student's pledge sheet was a study in effort; for he had amassed close to 40 bikes, each person on the list pledging to pay him a few pence per mile. The advance legwork has been exhaustive. Allen said the major project has been to arrange clearance from all townsinvolved - a job made much easier through the help of Sergeant Redman of the Scotch Plains Police. Such cooperation has been forthcoming. In fact, two communities, Watchung and Chatham, have offered their fire station parking lots as check points, as have Stewart's Root Beer in Watchung, C.R. Bard Company in Murray Hill, Outdoor Education Center in Chatham, the Great Swamp in Harding Township, and Seeley's Pond in Watchung. The checkpoints will be manned by student volunteers.

An advance bike squad of three boys and two girls from the high school has completed a trial run. The total time was four hours, ... which the boys said could have been shortened considerably if they'd been riding without the girls.

Maps, directions, and a booklet will be provided to every participant, along with the necessary sheets have been checked and OK'd. The only equipment a biker will need is a pump and/or a little tool kit. It all sounds swell, except for two important questions. What happens if the rider gets tired halfway? Fear not. There have been arrangements made for vans to pick up riders and bike and return both to Scotch Plains. The final question. What happens if it rains? The committee would rather not face that one now. So far, they've decided they'll go in, cancel it if necessary. The preparations have just been too extensive to con...
In our opinion
Share the Wealth

"The air is barely turning warm, but the buds haven't even begun to open. I can close my eyes, not at all the chilliest of days, eagerly holding for the nearest farmers markets of warmth beans, mint ets, and windbreakers, the tennis players are ets to go. There will be more of them this year than ever before.

Every year, the seasoned players vince as they watch classes of newcomers learning the game. Each class of ladies' groups of doubles players rant and rave as they're displaced by hearty teams of men. It's all played in their own words. Tennis, like Toppy just grows and grows, and courts are at more and more in a premium.

Lost of people have "no team practices," yet who can argue that kids shouldn't have a crack at the spot? Others would deny lessons... yet it's a pleasure for a tax- payer to be able to learn on his local court.

Our long-winded and roundabout message is this: want American tennis to be the popular sport, and the only answer is for all to share the wealth. The only hope for everyone in the tightest of controls by the local Recreation Commissions, implemented by "watching" citizens who lock these gains, insist upon wearing of badges, and generally adhere to every rule.

Cry!

In the April "Reader's Digest" Eva Rockett writes about crying. Men, she says, can't afford to cry. As husbands and fighters they were not supposed to cry. In today's business world they cannot afford to break down and cry.

Women do better. They are more emotional. They have very close ties to small children. They cry more often than men. Which sex has the better system? The female. Girls suffer a higher rate of death from excessive blood pressure and coronary is because they suffer a greater expression of emotion and the maintenance of reserve.

How about it, Dad? Better? About as occasional bee too?

Wouldn't Fight

There's little reason for Americans grasping their teeth over recent defeats of South Vietnam forces. Unless American citizenry is willing to fight or die to win, it is often running away from failure rather than abandoning U.S.-equipped equipment in the process.

For a time, when U.S. air, ground and naval sup- ports, Americans entered and fought better. But they have never been a man, man for man, for the North Vietnamese. That's simply because the South Vietnamese soldier isn't armed with an assault rifle and spirit to the Saigon regime. One key reason for the military collapse and the panic that followed the fall of Phnom Penh is due in part to this. And the Bhuddist peasants, a man encumbered with the French religion for one thing (Catholic) in a country ninety per cent Buddhist.

The Communists, in a week or two recently, over- came the resistance of the French and the South Vietnamese forces. No matter how badly outnumbered, if America had put up a determined resistance, such a large-scale victory over so much of the country the fast would have been impossible.

The truth is that South Vietnamese troops, as has been true most of the time for ever a decade, too often run rather than fight. And there's no way for Americans and to retrieve the situation in view of that fact. Only the active intervention, again, of U.S. troops could change the result and the vast majority of South Vietnamese have had more than enough of that - after seeing U.S., Vietnam polity destroy the value of the dollar, produce uncontrolled inflation, unleash the budget and divide the country, etc., for years.

To his everlasting credit, President Eisenhower kept this mess out of the shooting war in Vietnam, which General Matthew Ridgway failed to do. His proudest achievement as Chief of Staff of the Army is that aside of him, he had consistently tried to prevent war in Vietnam by our military presence. He recognized the problem in a way that discouraged American advances.

And when President Nixon was forced from office by scandal, the peace he had - to his credit - proc- eeded in tough action, and the blockade against North Vietnam's ports, fell apart. And that is that in South Vietnam - a series of blunders and tragedies. Charles de Gaulle told both Kennedy and Johnson what would happen; it did, but Nixon almost prevented it.

The State We're In

By DAVID M. MOORE

The Hackensack Meadowlands Development Commission is moving right along with its tough challenge, one on record, to satisfy demands of environmental, social and business interests in its region. These concerns often cause friction in the crux of open space remaining in the core of the "city" of New Jersey.

Once we learn to accept the unhappy premise that powerful interests cannot be steered away from influencing government to destroy open space in the pursuit of dollars, we must settle for development at least a portion of the 19,000-acre tract in an environmentally safe way as possible.

That has been the case up to now is due in large measure to the clairvoyance of the current executive directors. But now the newspapers are full of predictions about a successor to the current director, William Mcdowell. I am being named by Gover- nor Byrne. The reason is that the $40,000 per year job is one of the biggest political jobs in the bad, and McDowell is a Republican, named by Governor Cahill.

Let me describe the qualities I hope Mcdowell's successor possesses, if there is to be another. He or she should be very knowledgeable, in regard to Commission rules as a land-use negotiator and management agency, and must also have a good degree of expertise in planning. There should be ample expertise in real estate negotiation, coupled with a good overview of the unique environment and social and environmental impacts which will result from any Commission action.

The appointee had better have a keen sense of ecological direction, for otherwise the complex hypo- theses and ecological systems which exist in the Meadowlands will surely be destroyed. Finally, he or she should have experience in engineering to cope with resource recovery technology.

That's a tough list of qualifications, but it will have to be met if the quality of Meadowlands development is to remain.

Many of us are too close to the Commission's purposes and functions to fully appreciate exactly how unusual it is, and how important it is for it to do the best kind of job in terms over and above the social, business and environmental. It happens that no other body, to my knowledge, has the Meadowlands Commission's powers when it comes to regulating land use in regional, or Interstate, or county, or intercounty, basis. It's unique in this country.

And that's one reason why Governor Byrde will have to be in charge of the right kind of person if he replaces Mcdowell. Eyes have everywhere been on the Commission and what it's doing. Future eyes will be critical in appraising what's done, and what the Governor did when he named a new chairman, any land use mistakes now are very likely to be permanent ones.

There's a lot of visibility to be coped with there, Governor Byrde.

Memorial Day Parade Is Moved To May 24

The Fanwood Borough Council has received a letter from the American Legion, Post 209, announcing that this year’s Memorial Day Parade will be held on Tuesday, May 24. According to the Legion letter, the parade cannot be held on the official Memorial Day holiday itself because so many bands are committed to parades in their own hometowns, and because the bands will perform at less expense when the parade isn’t on the official date.

There has been an increase in injuries from bands, interested in participating, the Legionnaires said. They are seeking $2,500 from Scotch Plains Council and $1,000 from Fanwood for parade sponsorship.

Robert Scala, Captain of the Rescue Squad, addressed the Fanwood Borough Council during last week’s meeting, seeking Council support for a better source of emergency electrical generation. Scala said a recent automobile accident, 1 A.M., on a Sunday morning, brought the Fire Department and also help from Plainfield Squad. Scala said during the accident, much of the surrounding area was without power due to heavy winds and storms, and he noted that the Borough Communications Nerve Center would have been disabled, and the sirens silenced, had there been a power failure in Fanwood as well as in Scotch Plains.

Scala, speaking for the full squad, pointed out the desperate need for dependable standby power, and the many services dependant upon the present power source. There is now a small generator in the Civil Defense truck which is sufficient to run lights and radios but not the siren. Also, the heavy starting load required to electrically open the Fire Department and Rescue Squad garage doors could knock out the small generator.

Mayor Ted Trump said there is currently money in the budget to accomplish the goal, and there is no reason not to get moving for the future. The only question is what type of equipment should be included.

Councilman John Swindlehurst reported that the Building and Zoning Committee recently held an informal hearing to determine citizens reaction to two requests – one asking for legislation on the parking of trailers, one asking for no legislation. Swindlehurst said the matter now rests with the Borough Attorney, who is reviewing what regulations now exist, and that much the Council will consider whether to take any action and if so what.

The Borough Rabies Clinic will be held from 9 to 1 on May 17 at the Borough Garage.

Council has received a letter of objection to plans of United National to seek a variance to expand the facilities. The letter, from residents of First Street, noted that children cross First Street four times a day, and that expansion of business into that street would represent nuisance of a lovely residential area, and several homes would be surrounded by parking area. The residents urged Friday traffic hours, and two lane windows open to solve traffic problems.

A subdivision request from Elizabeth Federal Savings, which would allow that bank to build an office building behind the bank, on LaGrande Avenue, was recommended for approval by the Planning Board. Council delayed action pending the recommendation until the Building and Zoning Committee has time to consider it.

The new pattern of striping in the municipal parking strip behind Market Avenue will be continued on a study basis for a white longer.

Lecture-Demo.
On Tinware
At Cannonball

The Colonial craft of making tin ware will be demonstrated and discussed Sunday afternoon, April 20 from 2 to 4 p.m., in the old Cannanhill House museum on Free Street in Scotch Plains.

Mrs. William Rupp of Warren, a guest at the Drake House in Plainfield, and Dana Lobell a student at the Hartridge School in
Plainfield, will demonstrate the technique of tin pieiving, the Colonial craft of making tin ware, and discuss the history of tinware.

The first tin shop in the United States was started in 1740 in Berlin, Conn. Eventually the tanner packed his wares through the countryside with the Yellow pages. Often they pushed a peddler's cart laden with items and tools for the farmers' wife to make her wares. Some years ago, Mrs. Rupp went on a trip to England where she
visited the old canning factories.

Mrs. Rupp will have on display a variety of tinware items: an old kettle and a footwarmer in pierced tinware; a chocolate mold of punched tinware and a painted tinware tray. These three items were used in the early days of our country to create many useful household items especially for women and kitchen utensils.

On Saturday, April 19, 1975, Loretta Anne in her role as Miss Little League, along with her court, will appear in the Little League Parade and opening day ceremonies. She will toss out the first ball of the season and in the evening the girls will be guests at a banquet in their honor.

The parade begins at 9:30 a.m. from Park Jr. High School with the Scotch Plains-Fanwood High School band leading the way. The band, Miss Little League and her Court and the ten teams that make up this very fine league will make their way to the Herb Court in the evening. The girls will be guests at a banquet in their honor. It begins at 10 a.m. and continues throughout the day. The proceeds of the sale go to the Charlie Newman Fund.

In the evening, Fancy Woods Restaurant on South Ave., Fanwood, will host Miss Little League and her Court along with several area past contest winners in what should be a fun evening for the girls and their families and friends. Congratulations Miss L.L. and members of your Court.

To Hear Guest Speaker

The Fanwood Democratic Club announces a special program to be presented at the monthly meeting on April 21st. Jenelyn Block of Jeri Blyn Block Associates is the featured speaker. She will discuss the History of Women in Politics as well as the Current Status of Women in Politics in New Jersey. This will be followed by a question and answer session and general discussion.

Jenelyn Block is affiliated with the American Society for Training and Development, the Organizational Development Network and the National Women's Political Caucus. She holds a bachelor's degree in Education from Kean College and a master's degree in Women's Studies from Rutgers University.

President Robert Glegerich stated that Jenelyn Block's presentation will be the first of many new programs of the Fanwood Democratic Club designed to provide timely information to the residents of Fanwood and to encourage their active involvement in the political process.

The public is urged to attend this exciting presentation at the United National Bank, Marlboro Avenue, Fanwood on April 21, 1975 at 8:00 p.m.

Have Any Suggestions?

The Board of Education in Scotch Plains-Fanwood has announced their desire to receive suggestions from the public to help cut $820,000 from the 1975-1976 budget as agreed to by the Board and the local town councils last month. The Board said in a prepared release that they are seeking public input in this decision and will accept suggestions of all individuals and organizations in writing. The written responses are to be addressed to the Office of the Board of Education, 2630 Plainfield Avenue, Scotch Plains, New Jersey 07076.

Child Abuse

I never watch Thursday night television because that's the night my son takes his last lesson, but a couple Thursday nights ago the lesson was cancelled. So I had a chance to catch up on the Waltons. Wonderful things have happened to the Waltons in the 70's season. For one thing, John-Boy, known in the past to help deliver babies in his spare time, has become a doctor. His Daddy has established the Waltons-Sonoma Lumber Mill. And lost it and re-established it again so many times that even his wife Livvy, his last cost, we all know that John-Boy is destiny. It's his. He's the greatest.

One Gal's View

I do wonder which novelist he grew up to become? Well, maybe so. But "The Homecoming" was the real thing, was the real thing, was the real thing. It's Liv, the mother, who bothers me the most, though.

The Scotch Plains Woman's Club will hold its monthly meeting on April 30th at 8:15 p.m. at the Presbyterian Church. The featured speaker will be Mrs. John Carluccio of Scotch Plains. Mrs. Carluccio is originally from Scotch Plains. Mrs. Gaffney is the former Doris Carluccio of Scotch Plains. The Scotch Plains Woman's Club is a women's organization that provides helpful in raking yards, lawn care, and other services.

For needed help, Call Y.E.S. or just call us at 322-0400 and we will be glad to help you. There is no fee of any kind for our services.
Doreen Maria Corrente Will Marry Raymond E. Ostro

Mr. and Mrs. Joseph R. Corrente, of 11 Sewaren Ave., have announced the engagement of their daughter Doreen Marie, to Raymond E. Ostro, son of Mr. and Mrs. Edward Ostro of 17 Deborah Way, Fanwood.

The bride-elect is a graduate of Woodbridge Senior High School and is employed by Owens Illinois of Edison.

Mr. Raymond Ostro is a graduate of Scotch Plains-Fanwood High School and has attended Cannister Drive Saturday, April 16, starting at 10 a.m. In the event of rain the canvas will be held on the following Saturday, April 23.

G.A.L. is starting its 6th season of softball and just completed its 4th volleyball season with 300 Fanwood girls participating in the program during the year. The girls range in age from 9 through 17. Starting the later part of April the softball teams, coached by Fanwood women, will play weekday afternoons starting at 4:30 p.m. at LaGrande Park. This year there are 5 Major Teams playing and 6 Minor 17 teams.

It is our sincere hope that the residence of Fanwood will again help support the young girls of Fanwood by giving to the Girls as they visit the homes of Fanwood.

Parents Guild Plans Party

The Parents Guild of Union Catholic Girls’ High School is sponsoring an “April in Paris” Card Party and Fashion Show to be held at the school, 1630 Martin Avenue, Scotch Plains, New Jersey on Friday evening, April 18th at 8 p.m.

Co-Chairmen Mrs. Frank Belzak and Mrs. Gertrude Wishow announce that fashions will be from Jolee of Westfield and that models for the evening will be Mrs. James Hanson, Mrs. Anthony Zarello, Mrs. Robert S. Langhis, Mrs. Richard Bender, Miss Barbara Stemm and Mrs. Ursula Bax.

Ticket and reservation information may be obtained by calling the school at 849-1615. Proceeds of this Card Party-Fashion Show will help defray educational expenses at the girls’ school.

Right-To-Life Group Will Survey Voters

The Right to Life Committee of Union County has begun a voter survey on the question of abortion. The survey, already underway in some of the county’s 21 municipalities is intended to target those voters who will be the basis for a pro-life voting block.

Right to Life Chairman, Mary Ellen Mulholland, stated that the survey is in other states has proven to be instrumental in the elections of pro-life candidates at all levels of government.

“We will find out who is pro-life and at election time we will get them out to vote for candidates we endorse,” Mrs. Mulholland stated.

She added, “The pro-life vote may turn out to be the most influential factor in the county.”

This is so, she maintained, because more than most other special interest groups, pro-life voters tend to be single issue voters.

Mrs. Mulholland added: “Surveys have consistently shown that pro-life voters can be counted on to vote their convictions.”

The Right to Life Committee expects that the strength of the pro-life vote will influence the major political parties in their selection of candidates, according to the committee, the political parties are going to have to consider which candidates will best attract the anti-abortion, anti-termination voter.

Annointing Of The Sick, A First At St. B's

Saint Bartholomew's held a very special and moving Mass last Sunday afternoon, for a special group of parishioners - the sick and infirm of the congregation. In a "first" for the local parish, the Communal Celebration of the Sacrament of Anointing of the Sick was held as part of a concelebrated Mass. The attendees came in wheelchairs, they came on crutches, they came carrying members of their families. They totalled close to 90, and they ranged from very small children suffering from serious disease, no younger ages in leg braces, to the very old, many of them victims of strokes, heart attacks, arteriosclerosis, or senility.

The unique Mass required extensive preparations. The Rescue Squad of both Scotch Plains and Fanwood had representatives on hand to provide assistance to all. They were able to make it comfortable for theirfew persons to a pew inside the church. The Squad members took the elderly from cars into wheel chairs, thence right into the pews. The very seriously ill and less mobile were located in the first rows of the church, where alternating aisles were left vacant.

During the Mass, the priests could walk right into the alternating aisles to administer the blessing and to distribute Communion. The Mass was an opportunity for many of the elderly among the congregation, and that the church is remembering them. "Liturally, Christ came to the sick," is the way in which Bob Scala, Capitain of the Scotch Plains Rescue Squad described the Mass.

The full complement of priests of the Parish were on the altar, and were joined by a Westfield priest for administration of the sacrament. The Saint Bartholomew's Children's Choir sang during the Mass.

Representatives of the medical community and whose who serve the sick took part in the ceremony. There were doctors participating in the liturgy, nurses seated on the altar, and members of both Rescue Squads in the liturgical procession and on the altar.

In order to provide an additional dimension of security and peace of mind in the sick, Paul Schiatarella of the Scotch Plains Squad set up a small First Aid station within the church, which was fortunately not needed. The Mass for the Sick was a first at Saint Bartholomew's, as it was announced and promoted at weekly Masses for several weeks in advance. Father Andrew Jensen noted that the parish priests had hoped for almost 50 sick and/or elderly parishioners, and were surprised at the overwhelming response.

The Parish has undertaken the project in line with recent changes which provide encouragement of the communal celebrations. The event will be repeated as a periodic event on the church calendar in coming years.

Screening For "Early Start"

Screening will take place for the 1975-76 Scotch Plains-Fanwood Pre-Kindergarten program "Early Start" on May 15th through the 16th. The program, which is sponsored by the Board of Education and funded under the Early childhood Education Act of 1965, Title I, will begin in September 1975, pending final approval of the State Department of Education.

Assemblyman William Hamilton presents New Jersey Assembly Resolution to Franklin State Bank president, Anthony D. Schoberl (center) and chairman, Mayo S. Sisler (right) at the bank's annual Stockholder's Meeting held March 25th.

Assemblymen Hamilton, Pataro, Perskie, Worthington, and Hynes introduced a resolution to the General Assembly commending Franklin State Bank for its action in helping to ease the burden of inflation on home buyers, and for its attempts to come to the aid of the New Jersey homebuilding industry.

On December 16, 1974, the Board of Directors of Franklin State Bank announced that they had set aside $5 million at an interest rate of 8-1/2%, to be used expressly for new home construction.

Garden Club Installs New Officer Slate

The Crestwood Garden Club of Scotch Plains held their Installation Dinner at Herm's Restaurant Plainfield on Thursday, April 10. The newly elected officers were installed by Mrs. Horace George, Area 5 Director for the Garden Club of New Jersey, Mrs. George Van Pelt, Vice President, Mrs. Raymond Carr, Recording Secretary, Mrs. Preston Shimer, Corresponding Secretary, Mrs. Ben Perkins, Treasurer. A past president pen was presented to Mrs. James Pappas.

Plants were finalized for their annual plant sale on May 10 at the Sears Roebuck Store on Terrill Road.

Eskimo Is Guest At LaGrande

Mrs. Mary Lyons, an Eskimo visitor from Banks Island, Ontario, which is above the Arctic Circle, visited Mrs. Virginia Hartman's and Mrs. Nancy Sullivan's second grade classes at LaGrande School in Fanwood.

Mrs. Lyons, wife of the Rector of St. Marks Episcopal Church in Plainfield, New Jersey, was formerly from Saks Harbour, Banks Island. Her father, Fred Carpenter, established the Eskimo settlement there, which is a Canadian Arctic land mass about the size of West Virginia. In the May 1964 issue of the National Geographic magazine, a friend, United States Chief Justice William O. Douglas wrote an article about the Carpenter family and the people of Banks Island describing the Eskimos' rugged life on the Polar Sea.

The visit was in connection with LaGrande second graders' reading program, Reading Better in Social Studies, which is about Alaska. Mrs. Lyons gave a colored slide presentation and displayed costumes and artifacts from her native land. During the program, she taught the most interested students many words and phrases from the Eskimo language. She was accompanied by her four year old daughter, Sachina, which means the Beautiful one. Sachina was a guest of Mrs. Hartman's class for the afternoon.

Mrs. Lyons and the Reverend Lorrayn Lyons are friends of Dr. and Mrs. Eldred Warner whose daughter, Camilla, is a student in Mrs. Hartman's class.

**Today Is “New Jersey Day”**

Today is “New Jersey Day” -- every community in the State has been urged to celebrate the next, “New Jersey Day” during the bicentennial year of 1776 by planting a “Liberty Tree.”

The suggestion has been forwarded to every mayor in the State by the New Jersey Bicentennial Commission with the endorsement of Governor Brendan T. Byrne.

In 1770, the New Jersey Legislature designated April 17th of every year as, “New Jersey Day.” It commemorates the Decree signed on April 17, 1730, by Queen Ann of England constituting East Jersey and West Jersey into the geographic area that today constitutes the State of New Jersey.

The State Bicentennial Commission said the “Liberty Tree” program would be an excellent way to combine statewide participation in the national Bicentennial celebration with a date of special significance to New Jersey.

The Commission has recommended that young red oaks, the State tree of New Jersey, be used as “Liberty Trees.” The proposal was sent to every community by the Division of Government Services.

In many colonial towns, a “Liberty Tree” marked the spot where local leaders gathered to plan the birth of independence from England. The trees became a focal point and symbol of the struggle for freedom.

Rinaldo Will Speak at St. B’s

George Kundrat, Chairman, has announced that Congressman Matthew Kundrat will be the guest speaker as the Silver Jubilee Commemoration Speaker of St. Bartholomew’s, his topic being “Church Communion to the Civic Community.”

This program will start on April 26th with a Mass at 9:30 a.m. and mark hour and dinner. Reverend Thomas J. McCall, who was the first associate pastor assigned to St. Bartholomew’s, will deliver the homily during the Mass. Father McCann is also celebrating his twenty-fifth year in the priesthood, currently assigned to the Holy Name Church in East Orange. His return to the parish will be greeted with delight by the many parishioners who were actively working with him in various youth programs.

Tickets for the supper at $5 per person may be purchased through the Church Office or by sending a check to Mr. Kundrat, 469-7469, no later than April 14th.

Children’s tickets are limited to 15 people by reservation and will be cancelled if fewer than 10 people sign up or if it rains. There is no charge for the tour.

Will Nominate Freeholder Candidates

The Union County Democratic Party will hold its first-ever nominating convention for the selection of Freeholder candidates, Saturday, April 18th, at Roselle Park, Junior High School, 57 W. Grant Ave., Roselle Park.

Democratic Chairman Christopher Diets said today that the party's 143 elected committee members and women will serve as delegates to the convention for which the first time in the state's history the selection of a county-wide slate of Freeholder candidates upon the Wildlife Film

At Terrill Jr.

Would you care to join white-water water-cane trip down the Allagash Wilderness river in Northern Maine?

The fifth and final lecture of the summer of the Audubon Wildlife films, featuring Alvah W. Gash, will be presented at the Watchung Nature Club of the Plainfield Area. It will also take place at the Terrill Junior High School, Scotch Plains at 8:15 p.m. on Monday, April 22, 1975.

The Allagash, a wilderness river in Northern Maine, which flows north to the Canadian Border, is known as the "Allagash Wilderness Waterway.

At this time, a book, "The Backyard Wilderness" by Vincent Abbino will be on sale at the post during the last ad.

The illustrations, drawn by Vincent Abbino, are expected to be presented and have an abundance of some of his art works.

Ticket holders of Audubon Wildlife need to bring guides to this week program at a special price of $1.25.

Payne Leads Raiders In Statistics, Honors

Greg Payne will be a leader on the Western Union basketball team this year. Payne was a 5'11" senior guard for the Raiders last year and is expected to be a major contributor to the team's success this year. Payne's strong performance has earned him the title of "Player of the Day." He has received numerous accolades for his contributions to the team, including being named to the All-Union County and All-Newark Star Ledger teams. Payne's scoring ability has been consistent, averaging 26 points per game this season and allowing him to be a valuable asset to the team. During his senior year, he averaged 34 points per game, which was the highest average among all players in the league. Payne's dedication to the team and his skill on the court have earned him the respect of his teammates and coaches.

Style

The Raiders have been successful in part due to their strong defense. The team has a strong defense, allowing only 30 points per game, which is the lowest average in the league. The team's defense is bolstered by the strong performances of Gary Wanzor and Steve Hamer. Wanzor and Hamer have been key players in the team's success, with Wanzor averaging 158 points per game and Hamer averaging 145 points per game. Their ability to score consistently has been crucial to the team's success.

Results Needed

The team needs to continue to improve their defense and focused on their goals. With a strong defense and consistent scoring, the team has a good chance to win the championship.

Tennis Notes

By JERRY LEKAN

One of the difficult aspects of tennis is that when a match is played without officials, the players themselves are responsible for making all the calls. Until the point is made, the ball is still in play, even if it appears to be a "let." This rule exists to encourage good sportsmanship and fair play among the players. It is important to remember that the ball is still in play until it is determined by the players or the umpire that it is out.

Two More Big Wins

Blessed with some timely hitting and good relief pitching, the SPFHS Raiders added two more victories to their record by defeating the Rahway “Indians” and the Governor Livingston “Highlanders” yesterday. After getting a highly ranked team combined in relief with star Greg Wormsman for the Rahway victory and David McEiver for the Governor Livingston, they followed with a 1-0 win over Rider College, New Jersey junior National Ol-ship basketball team. This time the townsmen don’t work for you to participate in. The de-
motion where other forms can be applied, must try out to make the team. Applications must be mailed by May 1st, are divided into a begin-
er class. The classes will be taught by Richard Steurnagel, Richard Cam-
ning, Bruce Howard and James Tupper, and Kevin Newell, Richard Cam-
ning and Larry Simonson, are valuable contribu-
tors adding to the fast pace of the game. The Flames lost by a last se-
cond goal. The Canucks got out of their losing streak by scoring the Flames, Mark Wrenn winning the game by a last second goal for the Flames. The Canucks did their work, shut-tered the Blaekhawks, but there was not yet a “game-ball” by opposing team.

Plain Girls

Win Title

Scotch Plains Recreation fielded another State Championship baseball team, this time on the softball side. The Scotch Plains team, coached by Young OO and Bill Barret, knocked out the New Jersey Junior National Di-
Girard (Basketball) title last Sunday, April 6th by squeaking by the Jersey All-Stars 7-6 in 8 innings.

Girls from all over the State entered to play in the Scotch Plains Recreation team. Two first girls, Cheryl Laveau and Cheri Stevans are valuable names that did their work, with the Semi-final, Cheryl Laveau scored in 27 points as Cheri Stevans put in 14 rebounds.

The finals proved to be a nail biter contest. Scotch Plains, faced by 10 points at one point in the game. Even, the team was in a close race to put in a better showing and brought Scotch Plains to within four points. Sandy Demm (from South Brunswick), put in a phenomenal 30 points, shooting 13 of 16 from the floor. Cheryl Laveau added another 14 points. As the clock showed one second, Jeanne (Betts) pumped one up and in, “It’s girls class as a team from the very first practice,” said Coach Ellis. “There’s a lot of talent on this team, I think they will put up a good fight in New Orleans.”

Winning the State title made them eligible to enter the Na-
tional Jr. Olympic Tournament held in New Orleans April 17-20.

Sponsors are desperately needed to financially aid the trip. Please contact Dick Marks (with the Municipal Building) or any player or coach to help in this winning performance.

Senior Little League Tryouts

The Senior Division of the Scotch Plains-Fanwood Little League will hold their annual try outs at the Senior High School baseball field Sunday, April 27, 1975 beginning at 1 p.m. All applications must be mailed by Thursday, April 24, 1975. A copy of the application will appear in the following issue of the Plains Times and next Thursday. You must try out to make the team.

All returning players must fill out application for the coming season. For further informa-
tion where other forms can be had contact Mr. Jim D’Rim – Tel. 889-4519.

The Senior League Season runs from June 1st to August 10th. If you are playing Recreation Baseball (as long as you have your last day) you may try out from trying out. We are still trying to get a commitment when Recreation is finished. Do not get Recreation included. You can play from April to August. It is here for you to participate in. The decision is yours. SPORTS

J.V. Raiders Win Two, Remain Undefeated

The JVPHS "baby-Raiders" continued to win, defeating a tough Berkeley nine, 10-5, and beating Berkeley Heights, 8-3, with fine relief-pitching performances from Scott Denlinger (Raley victor) and Mike Cornacchia. The 3-0 Raiders struck quickly, in the first inning against the Indians, with lead-off man, Mark Sutherland walking and after Mike Dillion an infield hit, Jim Konyha singled with Joe Zemaitis cashing in two runs to bring Konyha home and going to third on a delay-error on the third-baseman secored on an infield-out by Steve Dillon. In the third, Dannoni walked and stole second, Jim Konyha walked and both men scored, after a double steal on a Zemaitis single. In the fourth, Dwayne Easley opened with a tremendous triple, scoring one and scoring on a triple steal by Konyha. The fifth saw Dillon singled, Scott Rodgers double him in, andMYtgler score Rodgers on a single, and after Dillan singled, second, on a second triple steal by Snyder, the Raidlers finished their scoring in the sixth as Dannoni singled and stole second and scored on a triple by Konyha. Starting hurler, Jim Konyha pitched two innings, yielding two runs, on two hits, three bases-on-balls and four strike-outs while winning reliever, Scott Denlinger yielded three runs on four hits, no bases-on-balls and striking out seven. The defense was flawless with the only one extra run given up by each pitcher.

Women's Single Tennis Ladder

Over 20 women have already signed up for the Scotch Plains Women's Singles Tennis Ladder which will run from May 9 to May 30. The registration deadline is April 29. Any college may register up to June 1. Check with the Recreation Department for an application form.

In A Little

Spanish Town

Mr. J. B. Rodriguez spoke on Galicia at Trenton Junior High School. His style presentation of the area was fascinating and informative. The students were extremely interested since this area of Spain is seldom advertised and few people know about the northern region. Since Mr. Rodriguez was born in Galicia, this first hand report was greatly appreciated by students and faculty. Mr. Rodriguez and his family make frequent trips to Galicia to visit family members who still live there.

Columbus Sets

Discus Record

Records are made to be broken. And for Clemson's Mike Columbus, his first entry into the pages with the school's name came in his initial year at Tigertown. In his freshman year, Colombus, from Scotch Plains High School and Farming, New Jersey, hurled the discus 176 feet in last weekend's State-Record Break in Columbus. Not only did that toss earn him a first place in that event, but it erased a 1965 mark of 166 feet, 5 inches which Dick Dodds established as the Clemson record 10 years ago.
