CAPT. GEORGE E. GERMINDER

August 1, 1985 is a milestone for Capt. George E. Germinder of the Fanwood Police Department. It is the 30th anniversary of Capt. Germinder's employment with the Borough of Fanwood.

Born and raised in Elizabeth, Capt. Germinder graduated from Thomas Jefferson High School. He served 18 months in Korea with the 25th Infantry Division and was awarded a Unit Citation and a Battle Star. He returned from Korea in 1952 and moved to Fanwood with his family.

He was appointed a patrolman with the Fanwood Police Department on August 1, 1955. During the next 30 years he attended numerous professional schools including the Northwestern University School of Police Management. His advancement to sergeant occurred in 1968. He served in that position until 1970 when he was promoted to the rank of lieutenant. He was advanced to captain in 1975 and is presently responsible for the Patrol Division.

In the absence of the Chief of Police he assumes responsibility for the entire department.

Capt. Germinder's dedication to the Borough of Fanwood and its residents goes beyond his law enforcement career. He is an active member of the Fanwood Fire Department and the Fanwood Rescue Squad. He also holds membership in various civic and professional organizations.

U.C. weatherization program receives grant

The County of Union has received a Heat Retrofit Program grant of $19,105, from the New Jersey Department of Community Affairs, Union County Manager, announced.

“The Oil Heat Retrofit Program provides oil burning homes that will qualify for the program energy savings of 25% in the winter months,” said James Richard Malgrain, Union County Freeholder Chairman. “This latest grant brings the total amount of money spent on various weatherization programs this year to approximately $160,000, which will aid eligible county residents in improving their high energy costs.”

New help for smokers

A new home video program for smokers will be available through the American Lung Association of Central New Jersey – The Christmas Seal People.

It’s entitled In Control and is designed to help smokers learn techniques for quitting in the comfort of their own home.

According to the Central New Jersey affiliate of the American Lung Association, the In Control video is based on the most current research in smoking cessation. Smokers who decide to quit will find that the video, in addition to being convenient and easy to use, demonstrates specific ways to cope with withdrawal symptoms and offers a variety of measurable alternatives to smoking.

The stop smoking home video program, In Control, includes a two hour video cassette which can be purchased in either VHS or Beta; a viewer’s guide and an audio cassette.

For more information, call the American Lung Association of Central New Jersey at 388-4556.

Franks named Vice Chair of Platform Committee

Assemblyman Bob Franks, who represents Scotch Plains and Fanwood in the General Assembly, has been named Vice Chairman of the New Jersey Republican Platform Committee by Republican State Chairman Frank Holman.

"The Platform Committee has the responsibility for drafting the statement of party positions on major police issues," Holman explained.

"I am extremely pleased that Assemblyman Franks has agreed to serve in a leadership role on the Platform Committee where his knowledge and expertise in state government will be a great asset to its deliberations," Holman said.

Franks is a three-term legislator. He is a Freeholder Board member and the senior member of the Freeholder Board in Union County. His county executive experience and standing with the senior member of the Freeholder Board make him an important force in the legislature, said Holman.

Franks has agreed, he said, to serve in the position because of his experience with the senior member of the Freeholder Board who has served as the Governor's special assistant in the legislature.

Franks, who was the only Assemblyman appointed to the committee, said that the platform will be a "great asset to the future of our state and the future of the Republican party." Holman added.
