Imagine Receives \$25,000 From Merck Foundation

MOUNTAINSIDE — Imagine, A Center for Coping with Loss, recently received a grant of \$25,000 from the Merck Foundation. "We are so grateful to the Merck Foundation for their generous grant of \$25,000 for the expansion of our bereavement support programs at our new center in Mountainside," said Stuart Arnold, Imagine Board chairman. "With Merck's commitment to healthcare and the community, it's a perfect match. The Merck Foundation has been a generous supporter of Imagine for many years and we are so grateful."

Childhood bereavement is a serious public health issue. The death of a parent or other important person in a child's life has been noted to be one of the most commonly reported and disruptive Adverse Childhood Experiences (ACEs). According to Imagine, there currently are more than 109,000 New Jersey youth, from infants through age 18, who are bereaved due to the death of a parent. Imagine presently serves 285 of those children, from

55 New Jersey towns, every two weeks at its center in Mountainside.

"Imagine helps make a difference in the lives of grieving children and families in the communities around our sites," said Paula Alston, executive director of Merck's NA Research Facilities. "We are proud to partner with Imagine through our Merck Foundation Neighbor of Choice grant program this year, and we are pleased to be able to help Imagine grow and succeed in their mission."

Imagine offers free, year-round, grief support groups for children ages 3 to 18 who have had a parent or brother or sister die, and for families coping with a loved one with a terminal or chronic illness. Concurrent groups are available for parents and guardians, and young adults ages 18 to 30. Support groups meet on weekday nights for an hour and a half. Dinner is provided prior to the group meeting. To schedule an orientation for oneself or a family member, or for more information, contact Imagine at (908) 264-3100 or info@imagineenj.org.
