County Executive Superintendents do not have contracts. They are salaried employees, paid \$120,000 a year.

And to answer your next question, the Commissioner and the Assistant Commissioners do not have contracts, either.

Kathy, We noticed one contract was missing -- Union County Superintendent of Schools Carmen Centoulo. Can you fax that over?

Paul, I did not say it was not a public document, nor did I tell you to speak to Dr. Centuolo about it; I said that whatever Dr. Centuolo had reviewed last month was obviously going to

change since the district and the incoming superintendent said they would redo it. I also suggested that you contact the Plainfield School District.

Dr. Centuolo, Kathryn Forsyth said I would need to talk you about Plainfield contract. She said this is not a public document because it was approved without your input. My publisher is my back to get this contract. We want to see this contract along with the new contract once that is ratified so we can compare the two documents. You can call me or speak to my publisher, Horace Corbin, directly, at the same number below. Thank you for your help in this matter.

Hello, Paul!

The contracts are ready at the Union County Office of Education. The cost is \$21.70 for 227 pages. You may contact the County Office to make arrangements to pay for, and pick-up the documents at 908-654-9860.

Thank you for your patience.
