On the right side. Ours.

*I am running because Congress no longer represents working families. It is not a matter which political party you belong to -- the issue is, to whom does your representative answer -- you or the Washington special interests? Running a business I have learned about getting results and being held accountable for my performance. As a husband and father, I know the challenges Central Jersey families face every day.*

*My opponent took money from Enron, Arthur Andersen, the big drug and insurance companies and voted to protect those business interests over ours.*

*I will fight for you: to protect Social Security, not privatize it. I will fight to protect pensions from corporate fraud. I will fight to extend Medicare coverage for prescription drugs for seniors, not vote as my opponent did, to put the insurance companies in charge. I will fight to make polluters pay for the damage they cause, and I will fight to defend a woman's right to choose and keep government out of personal decision-making.*

*The special interests control enough votes in Congress. It's time you had a voice.*

Sincerely,

*Tim Carden*

## On Election Day, You Decide ...

### Democrats

#### Scutari-Estrada-Proctor

- Voted to Raise Property Taxes \$14 Million this year alone
- Squandered a \$47 Million Rainy Day Fund
- Voted twice to let New York City Dump its Garbage on Union County – a plan that would enrich a relative of Linden's Democrat Mayor
- Voted to Sell part of Watchung Reservation
- Approved a contract for a New Rail Line through Summit, Kenilworth, Cranford and Garwood, ignoring public concerns...

### Republicans

#### Clericuzio-Whitaker-Medved

- Have a 5-Point Plan to Reorganize County Government and Stabilize Taxes
- Support Fiscal Prudence, Oppose Looting Rainy Day Funds when times are good
- Opposed the Tremly Point Garbage Dump Plan, Favor Recruiting High-Tech, Good-Paying Jobs for Union County
- Oppose the Sale of Any Parkland, Believe Open Space Tax Money should be used to acquire more parkland
- Seek public input before making major decisions

On Election Day,

Say **NO** to Runaway Taxes... Say **NO** to Inside Deals... Say **NO** to Selling Open Space!
