

County Clerk Announces Additional Technological Innovations

UNION COUNTY — The Union County Clerk's Office announced that it is revolutionizing its services by becoming one of the first offices in New Jersey and the New York metropolitan area to accept electronic real estate documents for official recording.

"This is a step that will save the county tens of thousands of dollars over the next year alone," Union County Clerk Joanne Rajoppi said. "With this technology, we can virtually eliminate paper from the recording process, saving both taxpayers and customers significant amounts of money, labor and time."

According to the release, electronic document recording will enable the clerk's office to greatly expedite the process of securely and officially recording real estate documents. Participating mortgage companies, title searchers, banks and other businesses can subscribe with Ingeo Systems, Inc. for a nominal fee per contract.

The software cost the clerk's office \$50,000 — an amount the office believes will be recouped within a matter of weeks.

"This system reduces the processing time to less than 24 hours," Ms. Rajoppi said. "Under the old, paper-intensive way of doing things, recording could take from 48 hours to several weeks."

Ms. Rajoppi added, "We are very pleased to initiate this new document processing solution. This truly is the cutting edge for processing land records and will be used across the nation by counties and major submitters in the near future."

The clerk's office will host an educational seminar for interested mortgage companies, title searchers, banks and other businesses on June 10. Interested persons can call the clerk's office at (908) 527-4787 for more information or to register.

Since March 2004, title searchers, other businesses and residents have been able to use credit cards to purchase copies of deeds, mortgages and other real estate documents through the Internet under a first-in-the-state initiative developed by the Union County Clerk's Office. Full copies of millions of land records dating from January 1991 to the present are available online at <http://clerk.uncj.org>.

Indexes of real estate documents dating from 1977 are also available on the website. In 2002, the Union County Clerk's Office created the third such property search site in New Jersey.

The clerk's website was also the first in New Jersey to allow members of the public to create orders from online information for complete copies of official documents. Registered searchers are able to view and order certified or plain copies of entire documents.

Letters to the Editor

South Avenue Parking Lot Considered The "Forgotten Child" by Resident

My husband and I have lived in Westfield for twenty years and have seen the changes happening from year to year, some good — some bad. People move to Westfield for its schools, family orientation and its beauty. At one time the Town of Westfield hired a committee to beautify the town.

At some point, I did notice some changes where planters were installed and trees planted in the town. I also noticed that the parking lots on North and Central Avenues, adjacent to the train tracks have had flowers and bushes planted there in the past. What ever happened to the South Avenue parking lot?

Book Sale Chairs Thank Community for Support

The Friends of the Westfield Memorial Library would like to thank all the people who supported our annual book sale by donating and purchasing books. We are most grateful to all of you who labored before, during and after the event.

Once again, the sale was a huge success and the profits will be donated to the library. This sale helps provide the "extras" that make our library so special. With last year's proceeds, we provided money for the sound system for the Meeting Room, prizes for the Children's Summer Reading Program, materials for the adult and children's collection, compact discs and tapes and a computer and printer for the reference department.

Past President of the SPBPA Vows to Stay Involved In Assoc.

At our board meeting on April 6, Lisa Mohn was elected as the new president of the Scotch Plains Business and Professional Association (SPBPA). Ray Pardon, the president for the first seven years of our organization, was chosen as the new vice president. Lisa and Ray will take over their positions immediately.

I would like to take this opportunity to congratulate Lisa and Ray on their new positions. Lisa has been involved in every event and every aspect of the association since its inception. Without her involvement it is unlikely that our organization would have had its great successes of the past 10 years. Ray's leadership was instrumental in the creation of the SPBPA more than 10 years ago.

As president, he has made the SPBPA a vital presence in our town. I am sure they will help the SPBPA grow and be an important part of the entire Scotch Plains community.

I have enjoyed my term as president over the past three plus years. I have met many wonderful people and made many great friends in all my years as president and board member. I have loved being involved in all of the SPBPA events over the past 10 years, particularly the Family Festival in 2003, which drew, by far, the greatest crowd of any event our town has ever had.

I have no intention of fading into the sunset. I am staying on the Board of Directors as the head of the Scholarship Committee. I will be helping out with our events and certainly plan on returning as Santa at our Holiday Celebration in December. I look forward to working with Lisa and Ray to help make the SPBPA a great organization and an asset to the community.

Once again, I congratulate Lisa and Ray and I thank everyone for their support and friendship during my term as President of the SPBPA.
